

INFORMAZIONI  
PERSONALI**Nome** Cristina Renzi**Luogo e data di nascita** Vienna (Austria) 12 dicembre 1968**E-mail** [c.renzi1@docenti.univr.it](mailto:c.renzi1@docenti.univr.it) ; [renzi.cristina@hsr.it](mailto:renzi.cristina@hsr.it); [c.renzi@ucl.ac.uk](mailto:c.renzi@ucl.ac.uk)**Sesso** Femminile | **Data di nascita** 12/12/1968 | **Nazionalità** Italiana e britannicaDICHIARAZIONI  
PERSONALI

Con oltre 20 anni di esperienza presso centri di ricerca ed università in Italia ed all'estero come Medico Epidemiologo e Specialista in Igiene e Medicina Preventiva sono stata responsabile di numerosi progetti internazionali di rilevanza per la salute pubblica. Ho ricevuto il prestigioso premio della British Medical Association - BMA Gunton award (2016) in riconoscimento del contributo innovativo per la salute pubblica e tumori.

Ho una consolidata esperienza scientifica e didattica a livello universitario (corsi di Laurea, post-Laurea, dottorati di ricerca) nell'ambito della programmazione e valutazione sanitaria ed epidemiologia clinica, con particolare attenzione alle patologie neoplastiche, valutazione dei percorsi diagnostici oncologici, outcomes research e precedentemente epidemiologia delle malattie infettive, con particolare attenzione all'infezione da HIV e malattie sessualmente trasmesse.

## ESPERIENZA PROFESSIONALE

Sett 2022-ad  
oggi

Professore Associato Igiene Generale e Applicata, Facoltà di Medicina e Chirurgia, Università Vita-Salute San Raffaele, Milano;  
Dirigente Medico, Unità di Epidemiologia e Sanità Pubblica, Ospedale San Raffaele-IRCCS.

Principali attività: Docenza e supervisione di studenti, dottorandi e specializzandi nell'ambito di corsi di laurea, post-laurea, dottorati di ricerca (PhD);  
Responsabile di progetti di ricerca (Principal Investigator) in collaborazione con University College London, London School of Hygiene and Tropical Medicine e ATS Milano, tra cui 'Percorsi diagnostici ed esiti oncologici'; 'Patologie croniche e approcci per la diagnosi precoce dei tumori'.

Attività istituzionali, tra cui: Presidente Sottocommissione Paritetica Docenti-Studenti AA 2022/23;  
Membro gruppo di lavoro IRB- Institutional Review Board; Membro gruppo di lavoro accreditamento del Cancer Center presso Organization of European Cancer Institutes; Board scientifico studio Uniscreen- Screening del diabete e patologie croniche cardiovascolari.

2013- ad  
oggi

Principal Clinical Research Fellow (equivalente a Professore Associato), University College London UCL, Department of Epidemiology and Public Health / Dep. of Behavioural Science and Health, UK

Academic Honorary Consultant in Public Health (Specialista accademico onorario in Sanità Pubblica) presso Public Health England e NHS Digital (SSN inglese) (dal 2019 - ad oggi).

Principali progetti di ricerca recenti:

- Responsabile principale (Principal Investigator- PI) progetti internazionali finanziati da Cancer Research UK e British Medical Association-BMA sui percorsi diagnostici dei tumori ed esiti clinici (collaborazione con LSHTM-University of London, University of Cambridge, Utrecht University, NL).
- Responsabile principale (PI) progetto internazionale su cronicità, diagnosi precoce dei tumori ed impatto sugli esiti- CanTest-Cancer Research UK (con University of Cambridge, University of Utrecht-NL, University of Melbourne-AU, VA Medical Center-USA).
- Responsabile di unità operativa progetto internazionale ACED sulla stratificazione del rischio e diagnosi precoce dei tumori (con University of Cambridge-UK e OHSU University-USA).
- Responsabile unità operativa progetto NIHR Programme grant- SPOCC su comorbidità e tumori (in collaborazione con la University of Exeter-UK).

- 2017-2019 Collaborazione con AGENAS-Agenzia Nazionale per i Servizi Sanitari Regionali, come esperto internazionale nell'ambito dei percorsi diagnostici in oncologia e sistemi di indicatori per la valutazione della qualità dell'assistenza.
- 2010-2011 Dirigente medico presso il Dipartimento di Epidemiologia del Servizio Sanitario Regionale - Regione Lazio  
Attività principali: Ricerca nell'ambito del programma PREVALE (Programma Regionale di Valutazione degli Esiti).
- 2005-2013 Dirigente medico di ruolo, nell'area Sanità Pubblica Dirigenti Medici di Presidio, presso l'Unità di Epidemiologia IDI-IRCCS - Istituto Dermopatico dell'Immacolata, Roma (Istituto di Ricovero e Cura a Carattere Scientifico, con adeguamento del Regolamento Organico del personale alle disposizioni di cui al D.Lgs 502/1992, con approvazione Ministeriale del 20/11/2006 ed avendo sostenuto procedura concorsuale).  
Attività principali: Promozione, coordinamento, organizzazione e svolgimento di attività di ricerca e responsabile di progetti di epidemiologia clinica e outcomes research su prevenzione e diagnosi precoce dei tumori e patologie dermatologiche, valutazione comparative degli esiti (in collaborazione con l'Istituto Mario Negri di Milano, Università di Verona, Agenzia Sanità Pubblica Regione Lazio).
- 2004-2005 Esperto epidemiologo e specialista in Igiene e Sanità pubblica presso l'Osservatorio di Change Management in Sanità della Scuola Superiore di Studi Universitari e di Perfezionamento Sant'Anna di Pisa.  
Attività principali: Esperto epidemiologo nel Progetto di valutazione della qualità del servizio sanitario Regione Toscana.
- 2002-2004 Dirigente medico di ruolo, Unità di Health Services Research IDI-IRCCS, Istituto Dermopatico dell'Immacolata, Roma.  
Attività principali: Outcomes research, valutazione dell'assistenza sanitaria.
- 2001-2002 Senior Research Fellow e Epidemiologo Medico, Department of Allergy and Infectious Diseases, University of Washington, Seattle, USA.  
Attività principali: Progetti di ricerca di epidemiologia clinica nell'ambito di infezioni da HIV e HSV-2.
- 1998-2001 Dirigente medico di ruolo, Unità di Health Services Research IDI-IRCCS-Istituto Dermopatico dell'Immacolata Roma.  
Attività principali: Valutazione dell'assistenza sanitaria, Disease Staging per health care profiling e sviluppo di indicatori di performance in collaborazione con i Servizi Sanitari Regionali.
- 1994-1998 Istituto di Igiene, Università "La Sapienza" di Roma, attività di ricerca epidemiologica nell'ambito dell'infezione da HIV e malattie sessualmente trasmesse durante la Specializzazione in Igiene e Medicina Preventiva.  
Attività principali: Progetti di ricerca europei e nazionali nell'ambito dell'infezione da HIV e malattie sessualmente trasmesse -European Concerted Action on sexual behaviour and the risk of AIDS and STDs, in collaborazione con Facultés Universitaires Saint-Louis, Bruxelles.
- 1998 Collaborazione con l'Agenzia per i Servizi Sanitari Regionali-AGENAS per lo sviluppo di indicatori per la valutazione dell'assistenza sanitaria.  
Collaborazione con il Laboratorio di Farmacoepidemiologia dell'Istituto Superiore di Sanità riguardo uno studio epidemiologico sulla trombocitopenia da farmaci.  
Collaborazione con International Clearinghouse on Birth Defects (ICBD) nell'ambito di uno studio sull'esposizione intrauterina a farmaci antiepilettici e malformazioni congenite.

## ISTRUZIONE E FORMAZIONE

- Gen. 2019 PhD in Epidemiologia (Dottorato di Ricerca) presso "London School of Hygiene and Tropical Medicine"- University of London-UK con un progetto sui percorsi diagnostici in oncologia. Tesi: 'Opportunities for reducing emergency diagnosis of colon and rectal cancers along the diagnostic pathways'.
- 2017 Full registration as medical practitioner with specialist registration in Public Health Medicine in the UK (GMC n. 7591159) (Iscrizione Ordine dei medici del Regno Unito come specialista in Public Health abilitato alla professione di medico).
- Eletta come Fellow of the Faculty of Public Health- FFPH, UK (Faculty of Public Health of the Royal Colleges of Physicians of the United Kingdom)
- 1998 Specializzazione in Igiene e Medicina Preventiva *con lode*, presso l'Università "La Sapienza" di Roma
- 1996 – 1997 Master in Epidemiologia presso "London School of Hygiene and Tropical Medicine", University of Londra-UK.
- 1994 – 1996 Corso di Specializzazione in Igiene e Medicina Preventiva - Università "La Sapienza" di Roma (Prima classificata al concorso di ammissione)
- 1995 Esame di Stato di Abilitazione all'esercizio della professione di medico e iscrizione all'Ordine dei Medici chirurghi ed Odontoiatri di Roma (n.46775).
- 1994 Laurea in Medicina e Chirurgia, Voto 110/110 e lode. Università Cattolica del Sacro Cuore di Roma. Tesi sperimentale dal titolo 'Helicobacter pylori and low-grade B-cell primary gastric lymphoma'.
- 1988 Diploma di maturità presso la "Scuola Germanica" di Roma (legalmente riconosciuta dallo Stato Italiano)

## GRANTS - FINANZIAMENTI RECENTI COME PRINCIPAL INVESTIGATOR O RESPONSABILE DI UNITA' PER PROGETTI DI RICERCA

- 2020-in corso
- Principal Investigator del progetto internazionale finanziato da Cancer Research UK 'Variation in timeliness of diagnostic investigations for symptomatic patients and cancer outcomes' (2020- 2024, £119,000). Collaborazione tra University College London, London School of Hygiene & Tropical Medicine, University of Cambridge, University of Utrecht-NL.
  - Responsabile di unita' operativa e vice-Principal Investigator del grant internazionale ACED-CR UK 'Real-world risk-stratified early detection and diagnosis using linked electronic health records' (2020- 2024, £504,000). Collaborazione tra University College London, University of Cambridge, Oregon Health & Science University, USA.
  - Responsabile unita' operativa grant NIHR National Institute for Health Research PgfAR 'SPOTting Cancer among Comorbidities' (2021- 2026, £320,000). Collaborazione tra University College London e University of Exeter-UK.

- 2013-2019
- Principal Investigator del progetto finanziato da CanTest-Cancer Research UK su multimorbidity e tumori (2017-2020). Collaborazione tra University College London, University of Cambridge, University of Utrecht-NL, University of Melbourne-AU, VA Medical Center-USA.
  - Principal Investigator EDAG-CRUK grant 'Missed opportunities for earlier cancer diagnosis' (2014-2016). Collaborazione tra University College London, London School of Hygiene & Tropical Medicine, University of Exeter.
  - Principal Investigator British Medical Association-BMA grant on 'Public health research in relation to cancer' (2016-2020). Collaborazione tra University College London, London School of Hygiene & Tropical Medicine.
  - Principal Investigator CR-UK clinical bursary 'Impact of a previous cancer referral that did not result in a cancer diagnosis on subsequent diagnostic timeliness' (2013-2014). Collaborazione tra University College London, London School of Hygiene & Tropical Medicine.

#### ULTERIORI GRANTS, PROGETTI DI RICERCA E COLLABORAZIONI RECENTI

- Collaborazione con ATS Milano, Progetto Percorsi diagnostici oncologici (2023).
- Collaboratore (named collaborator) progetto CR-UK Programme Grant 'Inequalities in cancer survival', London School of Hygiene & Tropical Medicine, Cancer Survival Group (2020-2026).
- Collaboratore (named collaborator) progetto 'Safety netting and re-consultation for lung cancer symptoms: GP and patients perspectives', Roy Castle Lung Cancer Foundation (2017-2022).
- Collaboratore (named collaborator) del progetto CR-UK Imperial College London 'Early Diagnosis of Ovarian Cancer using commercial loyalty card data and purchase behaviours' (Jan 2018-2023).
- Collaborazione con Istituto Superiore di Sanità - Centro Eccellenza Clinica, Qualità e Sicurezza delle Cure, Roma, su progetti sull'infezione da COVID-19 (2020-2021).
- Collaborazione con AGENAS-Agenzia Nazionale per i Servizi Sanitari Regionali- Italia, Progetto sui percorsi diagnostici e sviluppo di indicatori internazionali per la valutazione dell'assistenza sanitaria (2016-2019).
- Collaborazione con University of Utrecht e University of Cambridge progetto CR-UK EDAG 'Variation in timeliness of diagnostic investigations for symptomatic patients and effect on cancer outcomes' (2020-2022).
- Collaborazione con Agenzia Regionale di Sanità Toscana, Firenze, sulla valutazione dei percorsi oncologici e sopravvivenza utilizzando dati elettronici linkati (2020/21).

#### RICONOSCIMENTI COME ESPERTA IN EPIDEMIOLOGIA E SANITA' PUBBLICA IN COMITATI SCIENTIFICI

Nominata come esperta per istituzioni di ricerca nazionali e internazionali e comitati scientifici, tra cui:

- AGENAS-Agenzia Nazionale per i Servizi Sanitari Regionali- Italia
- Ministero della Salute, Direzione generale della Ricerca e dell'innovazione in sanità- Italia
- NCRI- National Cancer Research Institute, Advisory Group Screening, Prevention & Early Diagnosis- UK
- Public Health England e NHS Digital- UK
- Faculty of Public Health- FFPH, UK (Faculty of Public Health of the Royal Colleges of Physicians of the UK)
- Consiglio Nazionale per la Ricerca- New Zealand
- Cancer Research UK, CanTest Collaborative and Population Research Committee- UK
- Bowel Cancer- UK
- NIHR National Institute of Health and Care Research- UK
- European Public Health Association (EUPHA)

## PREMI E BORSE DI STUDIO IN EPIDEMIOLOGIA E SANITA' PUBBLICA

- BMA British Medical Association TP Gunton award for public health research relating to cancer, UK (2016)
- CRUK Cancer Research UK Clinical Bursary, UK (2013)
- CRUK Cancer Research UK- CanTest- Premio per progetti maggiormente innovativi, UK (2021)
- CNR Consiglio Nazionale delle Ricerche, Borsa di studio per "Advanced clinical epidemiology" and "Survival analysis" presso la Mediterranean School of Medical Statistics and Clinical Epidemiology", Siracusa (1998)
- IFMSA fellowship - International Federation of Medical Students Association, Dipartimento di Epidemiologia, University of Groningen, NL (1995)
- IFMSA fellowship - International Federation of Medical Students Association, Universitaetsklinik Innsbruck (1993)

## ATTIVITA' DIDATTICA DI INSEGNAMENTO UNIVERSITARIO (CORSI DI LAUREA E POST-LAUREA)

Sintesi dal 1996 a tutt'oggi:

Attività didattica di insegnamento universitario in Italia e nel Regno Unito (in italiano ed inglese) nell'ambito di corsi di laurea e post-laurea con insegnamenti di epidemiologia, igiene e sanità pubblica, metodi statistici per scienze mediche, metodi per la valutazione dell'assistenza sanitaria.

- Docenze in corsi di Laurea in Medicina e Chirurgia, Odontoiatria, Psicologia, Population Health, Scienze Infermieristiche
- Docenza in corsi di Specializzazione in Igiene e Medicina preventiva e Specializzazione in Statistica Sanitaria
- Docenza in corsi di Perfezionamento universitari in Epidemiologia per operatori di sanità pubblica
- Docenza in Master universitari MSc Population Health; MSc Health Psychology; MSc Health & Society; MSc Cancer
- Supervisione di Dottorandi nell'ambito di programmi di PhD in Epidemiologia e Sanità Pubblica
- Supervisione di tesi di Master (MSc Population Health; MSc Health Psychology; MSc Health and Society)
- Supervisione di Research Fellows su progetti di ricerca in epidemiologia clinica e public health
- Tutor accademico per Specializzandi, studenti di corsi di Laurea e Master universitari

2022/2023      Università Vita-Salute San Raffaele, Facoltà di Medicina e Chirurgia, Milano, Italia  
Professore Associato Igiene Generale e Applicata

Docenza nei corsi:

- Public Health and Legal Medicine (International MD Program Corso di Laurea Magistrale in Medicina e Chirurgia)
- Epidemiologia e Sanità Pubblica (Corso di Laurea Magistrale in Medicina e Chirurgia)
- Metodologia della ricerca infermieristica e ostetrica (Corso di Laurea Magistrale in Scienze Infermieristiche e Ostetriche)
- Global Public Health (Corso di Laurea Magistrale in Scienze Infermieristiche e Ostetriche)
- Promozione della salute e della sicurezza (Corso di Laurea in Infermieristica)
- Metodologia dell'assistenza basata sulle evidenze (Corso di Laurea in Infermieristica)

Supervisione e docenza in Dottorati, PhD e Corsi di Specializzazione

- International PhD in Clinical and Experimental Medicine (Epidemiological Methods for Medical Research)
- Dottorato in Public Health And Lifestyle, Università di Pavia
- Specializzazione Igiene e Medicina Preventiva (Epidemiologia e Sanità Pubblica)

Presidente Sottocommissione Paritetica Docenti-Studenti AA 2022/23

Tutor accademico Corso di Laurea International MD Program

2021/2022 UCL University College London, UK

Docenza in corsi di Laurea in Medicina e Chirurgia, Odontoiatria, Psicologia, Population Health con docenza in:

- Metodi epidemiologici
- Sanita' pubblica
- Screening e diagnosi precoce dei tumori
- Metodi statistici per le scienze mediche
- Metodi per la valutazione dell'assistenza sanitaria
- Revisione critica della letteratura

Docenza in Master universitari:

- MSc Health and Society (Epidemiological methods and Screening)
- MSc Cancer
- MSc Health Psychology
- MSc Population Health
- Statistics for Medical Sciences

Supervisione Dottorati/PhD e tutoraggio:

- Supervisione di dottorandi nell'ambito di programmi di PhD in epidemiologia e sanita' pubblica
- Supervisione di studenti di Master universitari (MSc Health Psychology)
- Supervisione di research fellows su progetti di valutazione sanitaria, epidemiologia, public health
- Tutor accademico per studenti di corsi di laurea (BSc Population Health; MSc Health, Psychology)

International School for Cancer Detection Research in Primary Care, UK

- Attivita' didattica: Seminars on improving cancer diagnosis and cancer inequalities

2020/2021 UCL University College London, UK

Docenza in corsi di Laurea in Medicina e Chirurgia, Odontoiatria, Psicologia, Population Health con docenze in:

- Metodi epidemiologici
- Sanita' pubblica
- Screening e diagnosi precoce dei tumori
- Metodi statistici per le scienze mediche
- Metodi per la valutazione dell'assistenza sanitaria
- Revisione critica della letteratura

Docenza in Master universitari:

- MSc Health and Society (Epidemiological methods; Cancer Screening; Critical reviews)
- Basic Statistics for Medical Sciences
- MSc Cancer: Early cancer diagnosis
- MSc module in Global Non-Communicable Diseases: 'Cancer in the context of non-communicable diseases and global health'
- MSc Health Psychology- Module on 'Physical and Mental Health, Stress and Ageing'

Supervisione Dottorati/PhD e tutoraggio:

- Supervisione di dottorandi nell'ambito di programmi di PhD in epidemiologia e sanita' pubblica
- Supervisione di studenti di Master universitari (MSc Health Psychology; MSc Population Health)
- Supervisione di research fellows su progetti di valutazione sanitaria, epidemiologia, public health
- Tutor accademico per studenti di corsi di laurea (BSc Population Health; MSc Health, Psychology)

2019/2020 UCL University College London, UK

Docenza in corsi di Laurea in Medicina e Chirurgia, Odontoiatria, Psicologia, Population Health con docenze in:

- Metodi epidemiologici
- Sanita' pubblica
- Screening e diagnosi precoce dei tumori
- Metodi statistici per le scienze mediche
- Metodi per la valutazione dell'assistenza sanitaria

Docenza in Master universitari:

- MSc Health and Society (Epidemiological methods; Cancer Screening; Critical reviews)
- Statistics for Medical Sciences
- MSc Cancer: Behavioural Science and Cancer Module
- Harnessing Electronic Health Records for Research

Supervisione Dottorati/PhD e tutoraggio:

- Supervisione di dottorandi nell'ambito di programmi di PhD in epidemiologia e sanita' pubblica
- Supervisione di studenti di Master universitari (MSc Health Psychology; MSc Population Health)
- Supervisione di research fellows su progetti di valutazione sanitaria, epidemiologia, public health
- Tutor accademico per studenti di corsi di laurea (BSc Population Health; MSc Health, Psychology)

2018/2019 UCL University College London, UK

Docenza in corsi di Laurea in Medicina e Chirurgia, Odontoiatria, Psicologia, Population Health con docenze in:

- Metodi epidemiologici
- Sanita' pubblica
- Screening e diagnosi precoce dei tumori
- Metodi statistici per le scienze mediche

Docenza in Master universitari:

- MSc Health and Society (Epidemiological methods; Critical reviews)
- Statistics for Medical Sciences
- MSc Cancer: Behavioural Science and Cancer Module
- Social Determinants of Global Health module of the MSc Health and Society

Attività di supervisione e tutoraggio:

- Supervisione di studenti di Master universitari (MSc Health Psychology; MSc Population Health)
- Supervisione di research fellows su progetti di valutazione sanitaria, epidemiologia clinica, public health
- Tutor accademico per studenti di corsi di laurea (BSc Population Health; MSc Health, Psychology)

2017/2018 LSHTM- London School of Hygiene and Tropical Medicine, UK

2016/2017

Corso di perfezionamento: Cancer Survival Course

2017/2018 UCL University College London, UK

Docenza in corsi di Laurea in Medicina e Chirurgia, Odontoiatria, Psicologia, Population Health con docenze in:

- Metodi epidemiologici
- Sanita' pubblica
- Screening e diagnosi precoce dei tumori
- Metodi statistici per le scienze mediche
- Metodi per la valutazione dell'assistenza sanitaria

Docenza in Master universitari:

- MSc Health and Society (Epidemiological methods; Cancer Screening; Critical reviews)
- Statistics for Medical Sciences
- Behavioural Science and Cancer Module -MSc Cancer Programme
- Social Determinants of Global Health module of the MSc Health and Society
- Social Epidemiology - MSc Health and Society

Attività di supervisione e tutoraggio:

- Supervisione di studenti di Master universitari (MSc Health Psychology; MSc Population Health)
- Supervisione di research fellows su progetti di valutazione sanitaria, epidemiologia clinica, public health
- Tutor accademico per studenti di corsi di laurea (BSc Population Health; MSc Health, Psychology)

2014/2016 UCL University College London, UK

Docenza in corsi di Laurea in Medicina e Chirurgia, Odontoiatria, Psicologia, Population Health con docenze in:

- Metodi epidemiologici
- Sanita' pubblica e diagnosi precoce dei tumori
- Metodi statistici per le scienze mediche
- Metodi per la valutazione dell'assistenza sanitaria

Docenza in Master universitari:

- MSc Cancer Programme
- Statistics for Medical Sciences

Attività di supervisione e tutoraggio:

- Supervisione di studenti di Master universitari (MSc Health Psychology; MSc Population Health)
- Supervisione di research fellows su progetti di epidemiologia clinica, public health
- Tutor accademico per studenti di corsi di laurea (BSc Population Health; MSc Health, Psychology)

1996-2004 Docenza in corsi di Specializzazione e corsi di Perfezionamento:

Università "La Sapienza" di Roma

- Corso di Epidemiologia I per la Scuola di Specializzazione in Statistica Sanitaria (AA 1996/97 e 1997/1998)
- Corso di Perfezionamento in Epidemiologia per operatori di sanità pubblica (AA 1995/1996)
- Corso di Specializzazione in Igiene e Medicina preventiva (AA 1997/98 e AA 1998/1999)

Pontificia Università Lateranense

- Corso di formazione etica e manageriale per medici e dirigenti dei servizi sanitari (AA 1998/1999 e AA 2002/2003)

Istituto Superiore di Sanità

- Corso di Metodi Statistici in Epidemiologia (AA 1996/1997)

**CORSI DI PERFEZIONAMENTO E TRAINING**

- Aprile 2018 International School for Cancer Detection Research in Primary care, CanTest, Cambridge
- Nov 2016 Causal Inference- London School of Hygiene and Tropical Medicine
- Marzo 2016 Analysis of hierarchical and dependent data- London School of Hygiene and Tropical Medicine
- Giugno 2015 Cancer Survival: Principles and Methods -London School of Hygiene and Tropical Medicine
- Gen 2014 Analisi di 'Linked Health Data'- Swansea University, Swansea, UK
- Gen 2010 Diagnostic Research, Erasmus University Winter Program, Rotterdam, NL
- 2005; 2006 Linfomi e melanomi cutanei–Roma, IDI-IRCCS
- Ottobre 2004 Metodi qualitativi in sanità pubblica- Roma, Agenzia di Sanità Pubblica
- Aprile 2004 Farmacoepidemiologia - Istituto Superiore di Sanita'
- Giugno 1998 "Advanced clinical epidemiology" e "Survival analysis"- Mediterranean School of Medical Statistics and Clinical Epidemiology" (Siracusa, Giugno 1998)

**ATTIVITA' CLINICO ASSISTENZIALE**

- Dirigente Medico presso Unità di Epidemiologia e Sanità Pubblica, Ospedale San Raffaele-IRCCS (Apr 2023-ad oggi)
- Medico specialista in Sanità Pubblica presso Public Health England, Academic Honorary Consultant in Public Health (Medico specialista accademico onorario in Sanità Pubblica) (dal 2019 - ad oggi)
- Università "La Sapienza" Policlinico Umberto I, Ambulatorio di Profilassi e Centro Antirabbico, Roma (1994-98)

**COMPETENZE PERSONALI**

Lingua madre Altre lingue	Italiano		PARLATO		PRODUZIONE SCRITTA
	COMPRESIONE		Interazione	Produzione orale	
	Ascolto	Lettura			
Inglese	Eccellente	Eccellente	Eccellente	Eccellente	Eccellente
Tedesco	Eccellente	Eccellente	Eccellente	Eccellente	Eccellente

**Competenze comunicative**

- Eccellenti capacità comunicative in italiano, inglese e tedesco grazie alle attività in ambito universitario sia in Italia (Pisa, Scuola Superiore di Studi Universitari e di Perfezionamento Sant'Anna) sia all'estero (University College London e London School of Hygiene and Tropical Medicine; Seattle-USA, University of Washington).
- Eccellenti capacità comunicative grazie alla partecipazione a conferenze e progetti di ricerca multidisciplinari e internazionali e all'attività didattica a livello universitario.
- Notevole esperienza di coinvolgimento di pazienti nell'ambito di "patient and public involvement".

**Competenze organizzative e gestionali**

- Ho notevoli competenze organizzative, gestionali e di leadership, grazie alle mie esperienze come responsabile di grants di ricerca e di progetti collaborativi internazionali che hanno visto il coinvolgimento di team multidisciplinari composti da clinici, ricercatori e personale di supporto.

**Competenze professionali**

- Ho competenze ed esperienza nell'uso di 'mixed methods research', incluso l'uso di metodi quantitativi e qualitativi in varie aree di ricerca epidemiologica e di sanità pubblica, come dimostrato da numerose pubblicazioni scientifiche come primo o ultimo autore e dal successo nell'acquisizione di grants di ricerca.
- Notevole esperienza nell'analisi di dati sanitari, inclusi record elettronici per studi di popolazione; dati longitudinali con linkage tra medicina di base, specialistica e registri tumori; studi clinici.
- Notevole esperienza di ricerca internazionale e multidisciplinare in Europa e negli USA.

**Competenza digitale**

- Notevole esperienza e competenze nell'uso del software statistico STATA, grazie a più di 20 anni di attività di ricerca epidemiologica. Buone competenze nell'uso del software NVivo per analisi qualitative e mixed methods research.
- Notevoli competenze di Microsoft Office (Excel, Word, Power Point)

**Patente di guida**

Patente B

Invited Seminar for the Regional Healthcare Agency Tuscany (Agenzia Regionale di Sanità Toscana), Florence, Italy 17th Jan 2020
- Renzi C, Lyratzopoulos G, Maringe C, Hamilton W, Rachet B. The complex contributions of demographic, clinical and tumour factors in influencing emergency colorectal cancer diagnosis: evidence from population-based data-linkage studies. CR-UK Early Diagnosis Conference, Birmingham 11-13 Feb 2019.
- Renzi C. Using primary care and secondary care data for epidemiological research on cancer. Invited Seminar for the Cancer Interest Group (CIG) Seminar Series, London School of Hygiene and Tropical Medicine, 9th Dec 2019.
- Benitez Majano S, Lyratzopoulos G, Rachet B, Renzi C. Variation in pre-diagnostic investigation use and test-to-diagnosis intervals by comorbidity status and socio-demographic characteristics in patients subsequently diagnosed with colorectal cancer. NCRl Cancer Conference, Glasgow, 3-5 Nov 2019.
- Renzi C et al. Comorbid chronic diseases and the diagnosis of cancer: disease-specific effects and underlying mechanisms. 2nd International CanTest School of Cancer Detection Research in Primary Care, Cambridge, 8-12 April 2019
- Renzi C, Lyratzopoulos G and CanTest research collaborative authors. The impact of chronic diseases on the timely diagnosis of cancer: a critical review of disease-specific effects and underlying mechanisms. CR-UK Early Diagnosis Conference, Birmingham 11-13 Feb 2019.
- Renzi C. The role of comorbidities in influencing timely cancer diagnosis: development of a comprehensive framework. UCL-BSH Screening meeting series, 15 May 2018.
- Renzi C. Contrasting effects of comorbidities on emergency colon cancer diagnosis: counterfactual methods. LSHTM- CSG working group meeting on counterfactual methods. 23 March 2018.
- Renzi C, Kaushal A, Rachet B, Hamilton W, Waller J, Lyratzopoulos G. The role of comorbidities in influencing timely cancer diagnosis: comorbidity-specific effects and underlying mechanisms. NCRl Cancer Conference, Glasgow, 4-6 Nov 2018.
- Renzi C, Lyratzopoulos G, Hamilton W, Maringe C, Rachet B. Effects of comorbidities on primary care consultations with cancer symptoms and emergency colon cancer diagnosis: A longitudinal data-linkage study in England. PHE Cancer Services, Data and Outcomes Conference, Manchester 20-21 June 2018.
- Renzi C, Lyratzopoulos G, Hamilton W, Rachet B. Higher risk of emergency colon cancer diagnosis in women after a recent benign diagnosis: a data-linkage study in England on pre-diagnostic history. Diagnostic error in Medicine Conference, Bern 30-31 August 2018.
- Renzi C, Lyratzopoulos G, Rachet B. Gender inequalities in emergency colon cancer diagnosis: A longitudinal data-linkage study in England on pre-diagnostic clinical history and healthcare use. NCRl Cancer Conference, Liverpool, 5-8 Nov 2017.
- Renzi C, Lyratzopoulos G, Rachet B. Variations of primary care consultations and symptoms by socio-demographic patient characteristics and impact on emergency colorectal cancer diagnosis: A longitudinal data-linkage study in England. 10th Annual Meeting of the Cancer and Primary Care Research International (Ca-PRI) Network, Edinburgh, 18th–20th April 2017 (Oral presentation)
- Renzi C, Lyratzopoulos G, Rachet B. Primary care consultations and symptom history before emergency and non-emergency diagnosis of colon and rectal cancers: A longitudinal data-linkage study in England. CR-UK Early Diagnosis Research Conference, London Feb 2017.

- Renzi C, Salika T, Whitaker KL, Waller J, Lyratzopoulos G. Is help-seeking for cancer alarm symptoms influenced by comorbidities? A population-based survey in England. CR-UK Early Diagnosis Research Conference, London Feb 2017.
- Andreano A, Renzi C, Braga M, Russo AG. Relationship between diagnostic route and survival in five common cancers: a population-based study using administrative data. Associazione Italiana di Epidemiologia (AIE), Mantova, 25-27 Oct 2017.
- Renzi C. Patterns of symptomatic presentations in primary care prior to emergency and non-emergency colorectal cancer diagnosis. Invited Seminar –‘CPRD Users Group’, Primary Care Unit, Cambridge, 11 August 2016.
- Renzi C. Unintended consequences of an ‘all-clear’ diagnosis for potential cancer symptoms. Invited presentation at the CR-UK Cancer Intelligence Quarterly Meeting, London 3 May 2016.
- Renzi C. Help-seeking for potential cancer symptoms among patients with a previous ‘all-clear’ diagnosis. Invited presentation at the Primary and Community Care Education Group Meeting, London 3 May 2016.
- Renzi C, Lyratzopoulos G, Card T, Chu T, Macleod U, Ratchet B. Opportunities for reducing emergency diagnosis of colorectal cancer: A longitudinal data-linkage study on symptomatic presentations in primary care. Cancer Data and Outcomes Conference 2016: 13-14 June, Manchester.
- Renzi C, Lyratzopoulos G, Chu T, Ratchet B. Symptomatic presentations in primary care before cancer diagnosis: opportunities and challenges for colon and rectal cancers diagnosed as emergencies. IARC 50th Conference: 7–10 June 2016, Lyon, France.
- Renzi C, Lyratzopoulos G, Chu T, Ratchet B. Patterns of symptomatic presentation in primary care prior to emergency and non-emergency colorectal cancer diagnosis. Ca-Pri Cancer and Primary care conference. 26 Apr 2016, Boston, USA
- Winstanley K, Whitaker K, Renzi C, Friedemann Smith C, Wardle J . The impact of body vigilance on help-seeking for cancer alarm symptoms in a UK sample. Ca-Pri Cancer and Primary care conference. 26 Apr 2016, Boston, USA.
- Renzi C, Whitaker K, Winstanley K, Wardle J. A previous ‘all-clear’ following diagnostic investigation can influence appraisal and help-seeking for recurrent or new potential cancer symptoms. 3rd National Awareness and Early Diagnosis Initiative (NAEDI) Conference, London 26-27 March 2015.
- Renzi C, Whitaker K, Wardle J. Symptom attribution and help-seeking after an ‘all clear’ diagnosis: a systematic review of the literature. CaPri Conference, Aarhus, Denmark, May 2015.
- Renzi C and Wardle J. Impact of a previous false alarm on attitudes, symptom attribution and help-seeking with subsequent possible cancer symptoms. NCR1 Cancer Conference 2-5 Nov. 2014, Liverpool.
- Renzi C and Wardle J. Help-seeking for possible cancer symptoms following a previous ‘all clear’ diagnosis. Festival of Public Health, University of Manchester, 1 July 2014, Manchester.
- Renzi C. Impact of a previous false alarm on patient attitudes, help-seeking and diagnostic delay in case of subsequent possible cancer symptoms: systematic review of the literature. CR-UK Clinical Fellows' Meeting, December 2013, London.
- Renzi C, Mastroeni S, Mannooranparampil TJ, Caggiati A, Passarelli F, Pasquini P. Risk factors associated with large size of squamous cell carcinoma of the skin. 6<sup>th</sup> EADO Congress of the European Academy of Dermatologic Oncology, Athens, Greece, 16-19 June 2010
- Renzi C, Mastroeni S, Pagliarello C, Härter M. Patient involvement in medical decisions: experiences and preferences of patients with chronic skin diseases. ISQUA Paris, October 2010
- Renzi C, Mastroeni S, Pagliarello L, Tabolli S, Simon D, Härter M, Pasquini P. Shared decision-making among patients with chronic skin diseases. International Conference on communication in healthcare-EACH. Verona, 5-8 Sept 2010
- Tartaglione G , Renzi C, Defidio L, D’Addessi A, Di Pietro C, Pagan M, Vittori M, Bassi PF. 99mTc-MAG3 diuresis renography f-15 in supine position compared to f+10 in sitting position in the diagnosis of obstructive

uropathy in adults. ISCORN -14th International Symposium on Radionuclides in Nephrourology, Mikulov, Czech Republic, 11-14 May 2010

- Tabolli S, Di Pietro C, Renzi C. Participation, satisfaction and knowledge level among psoriatic arthritis and cutaneous psoriasis patients. International Society for Pharmacoeconomics and Outcomes Research-15th Annual International Meeting, May 15-19, 2010, Atlanta, USA 2010
- Renzi C, Mastroeni S, Mannooranparampil TJ, Caggiati A, Passarelli F, Pasquini P. Time Delays and Related Factors in the Diagnosis and Treatment of Squamous cell Skin Cancer. 18<sup>th</sup> Congress of the European Academy of Dermatology and Venereology, Berlin, Germany, 7-11 Ottobre 2009.
- Renzi C, Mastroeni S, Mannooranparampil TJ, Passarelli F, Caggiati A, Potenza C, Pasquini P. Skin cancer prevention, early detection and knowledge level among patients with a history of squamous cell carcinoma. 7<sup>th</sup> World Congress on Melanoma, Vienna, Austria, 12-16 May 2009
- Serino F, Cao Y, Renzi C et al. Sustained patency after total chronic occlusive plaques by ablation with excimer laser in the treatment of critical limb ischemia in diabetic patients. Euro Intervention, Barcellona 2009 19-22 May
- Renzi C. Le decisioni mediche del paziente condivise con il medico. Progetto Partecipasalute, Istituto di Ricerche Farmacologiche, Milano, December 2008
- Renzi C, Mastroeni S, Salvatori V et al. Attitudes and implementation of shared decision making: the practicalities of consumer involvement among patients with chronic diseases. 16<sup>th</sup> Cochrane Colloquium Freiburg, Germany 3-7 October 2008
- Renzi C, Mastoreni S, Mannooranparampil TJ, Passarelli F, Caggiati A, Pasquini P. Conoscenze sui tumori cutanei e comportamenti preventivi nei pazienti con storia recente di carcinoma squamoso della cute. Conference of the Italian Epidemiological Association, University of Milano 15-17 October 2008.
- Renzi C, Caggiati A, Mannooranparampil TJ et al. Sentinel node biopsy for high risk squamous cell skin cancer. Health Technology Assessment for Evidence Based Public Health. HTA International, Barcelona 17-20 June 2007
- Renzi C. The practicalities of consumer involvement in HTA. Patient and citizen involvement in HTA workshop. Health Technology Assessment for Evidence Based Public Health. HTA International, Barcelona 17-20 June 2007
- Goss C, Renzi C, Mosconi P, et al. Applications of Shared Decision Making at different levels and in different Italian contexts. 4th International Shared Decision Making Conference, University of Freiburg, June 1st 2007
- Caggiati A, Renzi C, Tartaglione G, Mannooranparampil TJ, Passarelli F, Potenza C, Pasquini P. Sentinel lymph node biopsy for high risk squamous cell skin cancer. 5th International Sentinel Node Congress, Rome, November 1-4, 2006
- Caggiati A, Renzi C, Tartaglione G, Pacchiarotti A, Potenza C. Sentinel node biopsy for thin melanomas. 5th International Sentinel Node Congress, Rome, November 1-4, 2006
- Renzi C, Di Pietro C, Gisondi P, Tabolli S. Insufficient patient knowledge on psoriasis treatments represents a barrier to participation in decision-making. European Congress of Epidemiology 2006-IEA EEF. Utrecht, June 28-July 1 2006
- Renzi C, Di Pietro C, Ianni A, Gisondi P, Tabolli S. Limited knowledge among psoriasis patients is associated with scarce participation. International Conference on communication in healthcare-EACH. Basel, CH, 5-8 settembre 2006
- Renzi C, Di Pietro C, Gisondi P, Neri P, Mazzotti E, Tabolli S. Patient and health specialist meetings addressing information and participation needs of psoriasis patients. International Society for Quality in Health Care-ISQUa London 22-25 Oct 2006
- Renzi C, Bonini A, Vainieri M, Nuti S. Multidimensional performance evaluation system of the Tuscan Healthcare Authorities. Health Technology Assessment International-HTAi 2<sup>nd</sup> Annual Meeting, Rome, Italy June 2005-04-08
- Renzi C, Di Pietro C, Gisondi P, Chinni LM, Fazio M, Tabolli S. Patient participation regarding treatment decisions for psoriasis. International Society for Quality in Health Care-ISQUa Vancouver 25-28 Oct 2005
